

SKY SIMONE

Wedding Video Contract

My name is Sky Simone and I specialize in creating a beautiful wedding film for you that is unique, like a beautiful personalized short film that shares the individuality of your journey.

Storytelling techniques are used to preserve your day and make your film fun to watch again and again. I make sure to have a lot of wedding video highlights on my website, Facebook page, and YouTube, so that you can understand what to expect in a wedding video highlight, and you can see consistency in my work. Please familiarize yourself with my wedding video highlights.

What is Filmed?

Engagement Shoot a great time for me to get to know you better and capture some of your journey on video, to form a mini documentary that later helps to narrate your wedding highlight.

After all your loving relationship isn't just one day of your life... (Package A + B)

Groom/Bridal Preparation See the nerves and anticipation as the boys get ready, the bridesmaids get the blushing bride into her dress, and the proud parents come in for a look. (Mostly Candid)

Ceremony - filmed with multiple cameras + condenser lapel microphone for broadcast professional audio. Your ceremony preserved in time. Full version of ceremony provided.

Photoshoot Footage – This is the part of the day where the fun and creative video shots happen. Breathtaking cinematography to candidly shoot the fun of your day.

The Reception - The entrance, speeches filmed with condenser lapel microphone, bridal dance, and cake cutting. Until 10pm.

The Finished Product

Wedding Video Highlight Film – Cinematic Short Film with the highlights of your day.

The wedding video highlight is designed and carefully crafted to show the best parts of your day. The highlights are designed to make you want to watch over and over again. Your highlight video goes on YouTube and our blog, so all your guests can watch it and it's ready to share. (Along with family and friends overseas)

30-60 Second Instagram Film within 7 days to share with friends and family on social media.

There are 3 wedding packages. Each of them includes the wedding video highlight film as explained above. The difference in the packages is mainly the length of time, and the chapters edited.

Files are provided digitally in full cinematic quality. Raw footage available.

Time filming starts at first location _____ Time filming ends at final location _____

YOUR DIGITAL WEDDING VIDEO can be supplied in one of the following ways.

- 1) On a physical hard drive supplied by yourself, with the available raw footage as an added bonus
- 3) Via digital internet transfer, in which case quality may need to be reduced for online transfer.

Contract Page 3 – Please Initial

Terms and Conditions - Important – Please Read in Full

1.1) Sky Simone requires a \$1000 booking administration fee to confirm your booking. This \$1000 is part of your package cost, and not an additional charge. A booking is only made once the booking administration fee has been received. 50% of the remaining balance is due 90 days prior to the wedding date. The final balance is due no later than 30 days prior to the wedding. Check, Cash, or Credit Card. Credit Card payments do incur a 3% fee. In the event of a custom payment plan, all monies paid are non-refundable and are considered part of the administration booking fee, and organizational costs.

1.2) If the balance is not paid 30 days prior to the event we reserve the right to cancel your booking. In the event of any cancellations the total deposit, booking administration fee, and balance paid is nonrefundable.

1.3) Please choose packages and options carefully, as you cannot downgrade your package from what is signed on this contract. You are able to upgrade your package but not downgrade.

2.1) We reserve the right to leave a booked event early if I believe that my equipment is at risk of being damaged, at your own liability. This includes potential damage by guests or weather. In this event Sky Simone will not be held responsible or accountable.

2.2) Meal, water, seating to be provided at the reception. It is suggested that photo/video vendors be served at the same time as table 3, to ensure we finish eating before the next formalities.

In the event of unforeseen circumstances such as (but not limited to) unforeseen equipment malfunction or any other situation beyond the videographers control that may result in loss of footage, Sky Simone will endeavor with booked party to reach resolution which may involve additional filming or photography. In the event of 5dmk2 malfunction Sky Simone may resort to filming with Sony HDR equipment.

3.1) The edit you receive is final. Sky Simone creates artistic wedding videography based on her experience and style. In booking Sky Simone, the client is agreeing to let Sky have full creative control of the wedding video footage, and agrees that they like the style of Sky Simone. Changes may be made a rate of \$250 per change. This option is only available for 7 days after you have been supplied with the edited footage. From the date that your footage is posted you have 7 days to advise me of any potential errors. Whilst errors are extremely rare, they are possible. For this reason, you have 7 days to notify us if there is an error. We will fix it at no extra cost during this time. After the 7 days have passed, we will delete the working files to make room for the next weddings. No changes can be made to the wedding footage after the 7 days have passed.

4.1) Music due to copyright restrictions in the United States brides and grooms can choose 2 songs for their highlight from stock music sites, including but not limited to triplescoopmusic.com, premiumbeat.com, stockmusic.net, audioblocks.com, or musicbed.com for their wedding highlights. Clients will also receive the highlight without music, so they may change music later. Sky Simone will not be held liable or responsible for any music changes a client makes after receiving their footage.

5.1) Copyright and model release. Copyright remains the property of Sky Simone. It may be used for demo or promotional purposes. This includes but is not limited to Expo or Internet usage. This right is irrevocable and unrestricted for Sky Simone to use footage and photography including advertising, internet usage, or commissions from photographic publications or visual broadcast.

If clients withhold their wedding from portfolio use of Sky Simone there is a \$1000 privacy fee.

5.2) Expenses The client is responsible for all costs associated with parking (including hotels) and permits for photo locations. It is requested that valet parking be organized for hotels with insufficient street parking. If your wedding is outside of the metro area, then accommodation, meal and transport costs are to be provided by the Client.

5.3) Cooperation: The client must agree to clear and cheerful cooperation and clear communication to achieve the best possible results on the day of the wedding. Sky Simone will not be held accountable for missing important events that I have not been informed of. (In Example – Butterflies being released outside of the ceremony, Horse performances at the ceremony that we have not been forewarned about, etc.) Sky Simone is not responsible if specific individuals have not been identified for filming. Sky Simone will not be held responsible for missed footage during the photo shoot in the event of poor weather conditions, traffic, unavailable parking, or photographers that break the speed limit. Sky Simone will not break the speed limit to keep up to your photographer. Sky Simone is not responsible for missed footage due to details not revealed on your booking contract. Sky Simone's ethic is to work in conjunction with your photographer and DJ/MC to achieve the best results possible. Sky Simone will not be held responsible if the cooperation of the photographer is not given, or if the photographer deliberately obstructs filming, or repeatedly walks into shots. We cannot guarantee specific shots. We endeavor to capture your important moments to present the best results possible. Assistance and cooperation of the bridal party is required to achieve the best possible results. Sky Simone will not tolerate rudeness, or abusive negative behavior. Sky Simone reserves the right to end filming if this occurs. We do not film guests eating. The video is focused primarily on the bride and groom. I have plenty of video samples of my work on my YouTube channel. It is the client's responsibility to educate themselves on my style and to make sure they know what to expect.

5.4) Shooting time frames: Sky Simone will endeavor to get the best possible footage at all locations. Sky Simone cannot be held responsible in the event of the bridal party running late during preparation or during the photo shoot. In the event of the photo shoot continuing until the reception start time, you may need to choose for the videographer to leave the photo shoot early to get the table shots, or to stay with the bridal party and film the rest of the photo shoot, but not the table shots.

5.5) Venue Rules: Sky Simone is limited by the guidelines of the ceremony official or reception site management. The client agrees to accept the technical results of their imposition on the videographer.

5.6) Filming position: During the walk down the aisle, the camera will be stationed opposite the groomsmen at the front of the aisle to film the bride and bridesmaids walking towards the camera. Once the bride reaches the groom the camera will be re-positioned to the center aisle, approximately 5 rows back. In the event of a clergy or event manager objecting to this the client agrees to accept the technical result of this imposition. In the event that the photographer refuses to allow the videographer access to film certain events Sky Simone will not be held responsible.

5.7) Audio: Sky Simone uses a professional condenser microphone. In the rare event of interference or frequency being interrupted we may have to switch to 'on board camera audio' which is not the same quality as the lapel microphone.

6.1) Attendance and limit of liability: Sky Simone reserves the right to hire another videographer to do the filming on the day in the event of unforeseen circumstances which include, but are not limited to: illness, grievance, or other unpredicted circumstances.

In the unlikely event that a replacement videographer cannot be obtained then the liability of Sky Simone is limited to a full refund of all payments made for the wedding package. Sky Simone takes the utmost care in filming your wedding. However, in the unlikely event that the footage has been lost or damaged by equipment or tape malfunction, stolen, or destroyed for reasons within or beyond Sky Simone's control, then Sky Simone's liability is limited to the return of all payments received for the Wedding package.

6.2) Clarification of work. You must read the F.A.Q section and be clear on what your package includes, and what we do and do not film. Please be aware the feature length time frames are an estimate only. Speech length and ceremony length will vary wedding to wedding, which will alter the feature length. Clients who provide Sky with their own hard drive will receive their raw footage at no extra cost. As Sky Simone is not providing you with a physical product, you are not being charged sales tax.

7.0) In the event that the client changes their wedding date, a new \$1000 booking administration fee is required.

7.1) Reminder Balance owed is due to Sky Simone Photography + Film 30 days prior to the wedding.

The balance of booked packages is due 30 days prior to the wedding.

Bride + Groom are required to provide Sky Simone Photography + Film with a hard drive of their own for the video files. This is a digital transaction, and Sky Simone Photography + Film is not supplying a physical product to the client. For this purpose, you have not been charged sales tax.
